

Let your
ideas
shape the future.

At Continental we provide the ideal environment for smart, creative and visionary people to bring their ideas to life – no matter at what stage in their career. It is our reliability based on more than 140 years of success, our diverse portfolio of expertise and your personal contribution that empower us to develop the most innovative mobility solutions. As part of our truly international team, you are given the freedom to act in shaping the future in motion with us. **We want you at our facility in Zvolen.**

Continental Automotive Graduate Program: Get international experience and let your ideas shape the future

Description

During the program, you will get a global insight in product development and production process in one of the leading suppliers to the automotive industry worldwide

The program takes 24 months and splits in 3 assignments each 8 months long

- 1st assignment – you are located in Zvolen
- 2nd assignment – you will gain international experience at one of our international sites (Germany)
- 3rd assignment – you are located back in Zvolen

You will support your division by creating solutions for future and clever technologies. Your initiative will determine the amount of responsibility in the projects. The program offers you excellent opportunities to grow fast and start your professional career at Continental.

What we offer

Contribute to innovative automotive projects
Opportunity to take the first responsibility
Work and prove yourself in cultural diverse teams
Experience mentors for consultation and advice
International work environment
The combination of challenging tasks and learning on the job

Candidates can sign on the job position via external vacancy portal www.profesia.sk or sending application directly to the contact partner.
Please, attach the motivation letter and resume in English.

Apply now: Let your ideas shape the future.
